

GO Logic is committed to designing and building durable, beautiful, and energy-efficient buildings. We specialize in panelized residential construction.

We are currently seeking a full-time **Designer/ Architect** to participate in projects through all phases of design and construction. A team member in this role should be a creative, self-motivated design professional who can employ current technologies to communicate with clients, our in-house shop drawing team as well as our construction crews and outside general contractors.

RESPONSIBILITIES AND DUTIES

- Work directly with clients during the design process from schematic design through construction administration while collaborating with the design team and consultants
- Apply sound architectural and design techniques in the preparation of all phases of documentation
- Exhibit strong organizational skills and ability to prioritize with creative problem-solving along with strong verbal, written, and graphic communication skills
- Self-manage workflow of multiple projects
- Ensure projects are completed on time, are within budget, are of high quality, and fulfill client expectations

QUALIFICATIONS

- Professional degree in Architecture. Licensure not required but a plus
- Additional sustainability or technical accreditations a plus
- 3-5 years minimum experience
- Familiarity with Passive House or high-performance building concepts and terminology
- Experience with design for manufacturing and/or panelized construction in a Design-Build setting
- High level of Revit proficiency is required.

Notable benefits include:

- Competitive compensation, commensurate with experience
- Paid Time Off
- 401(k), including up to 3% company match
- 7 Paid Holidays
- Growth & Development opportunities
- Flexible hours
